

Mind&Melody brings the joy of music to individuals of all ages and abilities throughout South Florida and beyond through virtual or in-person programs.

Utilizing a team of professional musicians who are trained to communicate and interact with seniors with Alzheimer's and dementia, we have been able to improve quality of life for seniors in South Florida since 2015.

You can learn more about Mind&Melody and the work that Eric does at www.mindandmelody.org or by calling 786-321-8100.
