

# **Tori Divens**

## **Regional Director of Sales & Marketing**

### **Avante Group**

I am Tori Divens, Regional Director of Sales & Marketing with Avante Group. I began in healthcare when I was 18 years old, working for a skilled nursing facility in the medical records department. I developed a true passion for people which led me to take a Certified Nursing Assistants course, ultimately leading me to nursing school, where I graduated as a Licensed Practical Nurse.

The path in the admissions department happened as I would assist in marketing to make up for the hours I was in school, and I was hooked! I found my “niche” so to speak. I worked my way from marketing liaison to Director of Business Development, then on to Lead Director and now in my current role as Regional Director. Avante Group has molded me into the professional I am today. I thoroughly enjoy working closely with a few of our 11 buildings, such as Avante at Boca Raton and Avante at Lake Worth. I truly enjoy working with people who are compassionate about our patients and their families. Avante stands for Accountability, Visibility, Achievement, Nurture, Teamwork, and Excellence. While carrying out my daily tasks, I keep this in mind while building and maintaining relationships within our community.
