

Dominic Aloma United Care Home Health Services

Dr. Dominic Aloma's healthcare journey is deeply influenced by the values of kindness and dedication instilled by his beloved grandfather, "Abuelo." Inspired by his grandfather's example, Dr. Aloma founded United Care Home Health Services with a patient-centered philosophy. "Every decision I make, I ask how I would want someone to treat him," Dr. Aloma shares. This vision drives his commitment to delivering exceptional care, even in the most challenging situations.

United Care Home Health Services is recognized among Broward County's elite, earning a prestigious 5-Star Medicare Rating for patient satisfaction and quality care. With over 25 years of experience in physical therapy and healthcare management, Dr. Aloma has led neurology teams, treated diverse patient needs from professional athletes to the geriatric population, and launched his agency in 2007. Recently, he expanded his credentials by becoming a registered nurse, blending expertise with a personal touch.

A proud Davie resident, Dr. Aloma cherishes time with his family—his high school sweetheart and three amazing boys. He enjoys playing pickleball and basketball with friends and connecting with family whenever possible.

United Care also serves as a teaching facility, offering internships for physical, occupational and speech therapy students. Through the Aging and Disability Resource Center's "Matter of Balance" program, Dr. Aloma empowers seniors with fall prevention education and successful aging tips, helping them lead safer lives.

Dr. Aloma's dedication inspires his team to reflect on their own motivations. Together, they cultivate a culture of care that profoundly impacts patients and families.
