

Jorge Fernandez

2nd Family

My journey into senior care began long before it became my profession. I grew up in a loving home where my grandparents played a huge role in my life. I was the one who drove them to doctor's appointments, sat with them during chemotherapy, and stood by them in their most vulnerable moments. Those experiences taught me compassion, patience, and the quiet strength that comes from being there for someone you love.

The impact my grandfather, Armando, had on my life runs so deep that I named my son after him. My daughter, Maria Angelica, carries our family's legacy forward with her compassion, radiant smile, and joyful spirit. At the heart of it all is my wife, Inge—my partner for 17 years—whose strength, empathy, and commitment to helping others inspire us to live with intention, lead with kindness, and serve with purpose.

The values my grandparents instilled in me are the same ones Inge and I now work to pass down to our children—building a legacy of love, care, and community. That personal history is what inspired me to open 2nd Family here in South Florida. I know what it means to care for aging loved ones—not from a distance, but hands-on and from the heart. My mission is simple: to provide home care that truly feels like family.

I'm proud to offer care that honors family, preserves dignity, and brings comfort at every stage of life.
